

## Snorkel Option

We at the Minnesota Swim Camps believe foremost in good technique and fundamentals. We would like to utilize one of the finest technique products available, the front-mounted snorkel. The timing of the breath and the twisting of the body while taking a breath are both distracting and destructive when learning proper body balance. By using the front-mounted snorkel during a series of drills, the swimmer is free to focus on specific rehearsal points. The snorkel is highly recommended at camp, but optional. Campers with snorkels will utilize them during both technique and training sessions. Swimmers without snorkels will complete the same drills breathing to the side. ***If you are interested in purchasing a snorkel, please mark the appropriate box on the application and add \$35 to your initial deposit.***

## Stroke Analysis Option

The Stroke Analysis Option will include video with Stroke Analysis Voice Over and will include all four strokes. Only those campers that check the appropriate box on the Camp Application Form indicating they would like to have their strokes analyzed will have this done.

# Minnesota Swim Camps

## Age Group Camp

June 5 - 9, 2016  
or June 12 - 16, 2016  
or June 19 - 23, 2016

## Training Camp

June 12 - 23, 2016  
**Online Registration Now Available**

University of Minnesota Aquatic Center

**THE GOAL** of the Minnesota Swim Camp is to help build a solid foundation for girls and boys to achieve the highest level of performance. Age-group and Training camp participants will have numerous opportunities to learn, practice and have fun. An athlete must realize the importance of stroke technique, training, nutrition, mental preparation, etc., the key components of swimming excellence. We provide an environment in which these principles are taught in a positive way.

The goals of the coaching staff are teaching the correct and fastest methods for all strokes, starts, turns and finishes. The actual amount of the different forms of instruction will be based on the age and experience of each camper.

The camp will be held at the beautiful UM Aquatic Center and the historic Cooke Hall pools. There will be a balanced blend of long course and short course training. Swimmers leaving this camp will have an enhanced perspective about the sport and greater knowledge of the steps necessary in achieving their goals.

## Camp Features

- Two Water Training sessions per day, focusing on stroke mechanics, drills, starts, turns and finishes.
- World Class Aquatic Facility.
- Camp T-shirt and swim cap.
- Daily Performance Enhancement Talks that include: Sports Psychology, Sports Nutrition, Training Philosophy, Training Physiology.
- Training Camp option for more emphasis on training.

## Camp Counselors

The Minnesota Swim Camps will contract the services of numerous current and former University of Minnesota Student Athletes to supervise, counsel, teach and coach our camp attendees. These athletes have competed at the highest level in the sport of swimming, and they are eager to share their experiences and knowledge with the Minnesota Swim Camp campers!

## Age Group Camp

3 Sessions: 1. June 5 - 9  
2. June 12 - 16
